GN FOOD PANS
CONTENITORI GN

Thanks to the permanent in molded label, complete traceability of all products is ensured, along with the monitoring of packaging dates and the management of essential information for the implementation of the APPCC/HACCP system. There's no need to apply and remove paper labels anymore, making the process simpler and more efficient. This solution offers high practicality, hygiene, and comfort: the label leaves no residue and retains its clarity and integrity even after multiple dishwasher washes. For writing on the label, an appropriate marker can be used, which is easily removed with dishwasher washing. The containers are heat-resistant, withstanding temperatures from -40°C to $+100^{\circ}\text{C}$. **WARNING:** Polypropylene containers are not suitable for use on steam tables.

Grazie all'etichetta integrata, è possibile garantire la tracciabilità completa di tutti i prodotti, il monitoraggio delle date di imballaggio e la gestione delle informazioni essenziali per l'applicazione del sistema APPCC/HACCP. Non sarà più necessario applicare e rimuovere etichette di carta, rendendo il processo più semplice ed efficiente. Questa soluzione offre un elevato livello di praticità, igiene e comfort: l'etichetta non lascia residui e mantiene la sua chiarezza e integrità anche dopo numerosi cicli di lavaggio in lavastoviglie. Per la scrittura sull'etichetta, è possibile utilizzare un apposito pennarello, facilmente rimovibile con il lavaggio in lavastoviglie. I contenitori sono termoresistenti, supportando temperature da -40°C a $+100^{\circ}\text{C}$. **AVVERTENZE:** I contenitori in polipropilene non sono adatti per l'uso su tavole a vapore.
